Dear Friends:

The following is my response to the two questions asked on your Form A Checklist:

Computer Science and Nynex Stock

In 1989 my mother gave me 100 shares of 2 stocks which meet the reporting criteria of the Financial Disclosure Statement.

These stocks were Computer Sciences; and Stockholder Systems, which was purchased by Nynex in 1990. They are both listed in the report for 1990, and with this letter I am requesting amendment of my report for 1989.

I regret the omission last year. Both my parents died in 1989--my father in May, and my mother in December. I felt great concern about their illness and acquired new responsibilities as personal representative for their estates in 1989 and 1990. Perhaps this led to the omission.

Carnegie Fund & Meredith Stocks

My husband retired in 1990 and most of his retirement program was rolled into an I.R.A.

Some of the retirement program was made up of his personal contribution. Taxes had already been paid on this portion, and it did not become part of the I.R.A. This portion of his retirement program is invested in the Carnegie Money Market Fund.

It has been my understanding (see attached letter) that if retirement funds were not available to us and we did not receive income from them in a given year, we need not report such funds until retirement.

Meredith Stocks were not reported until after my husband's retirement in January, 1990, because they were not available to us, and we did not receive income from them.

Under Part VII, please note that I have deleted the reporting of Congressional Institute conference at Princeton with this amended copy. (I attended in 1991, but not in 1990.)

Sincerely,

Jan Meyers

Dear Friends:

My husband is employed by KCTV-5, a Meredith television station. In addition to his pension fund, there is an Employee Savings and Investment Program. As a participant in this program my husband purchases Meredith Stock. This stock is not accessible to him until he leaves the company or retires...with this exception--he is allowed to take possession of one year's stock purchase--the most recently vested year. However, if he does not, then it is not available to him until he leaves or retires. We have never taken advantage of this exception.

Every year (because I'm afraid I'll omit something I should list) I call your offices to inquire if I have to list this stock. Every year I'm told "no", as Elvita Hutchins-Taylor told me last week when I spoke with her about this.

I thought you would probably appreciate it if I wrote a letter, asking for a response in writing, rather than calling in with the same question again in 1989.

Thank you for your patience.

Sincerely,

Jan Meyers

I have enclosed a copies of the 1989 and 1990 Financial Disclosure Statements for The Honorable John R. Miller. There is also a copy of your letter.

There is no need to amend either statement. The missing items are on the 1989 statement. I enter the names as they are listed on the stock reports. Quite often the names of bonds are listed differently. In 1989 they were entered as "Muni Invst Tr", "Munic Asstc" and "Suffolk Cty". On the 1990 statement they are shown as "NY Muni Invst Tr", "NY Munic Asstc" and "NY Pub Imp -Suffolk Cty".

I have reprinted the 1990 statement to show the changes that were made on it at the time of filing.

Honorable Donnald K. Anderson

U.S. House of Representatives
Washington, DC 20515-6612

Dear Donn:

This is written in response to a letter I received from the Committee on Standards of Official Conduct dated May 23, 1991 which concerns my 1990 Financial Disclosure Statement.

In their letter, the Committee noted several bonds and land interests (Parts II and III - Assets and "Unearned" Income) which appear on my 1990 Statement that were not listed on my 1989 Statement. All of these particular assets, as well as almost all the other bonds and land interests shown, are held by my spouse, Barbara Whiting Mollohan. These came into her possession by family inheritance with the passing of her father, Andrew E. Whiting. They have been slowly distributed as Mr. Whiting's estate has been settled.

I do hope that this information provides an adequate explanation concerning my family's holdings.

Most sincerely,

Alan B. Mollohan

Dear Colleagues:

On May 21, you wrote suggesting that a stock holding listing last year in my Financial Disclosure Statement was not continued for 1990, either as an asset or disposed of by transaction. You are right, but I am not wrong.

The stock in question is my joint ownership with my wife of Morrison Fruit Company stock, a farm operating family corporation. I don't mind listing the stock, which I still own, but its value no longer meets the listing threshold requirement and it has never produced any income.

I look forward to the day when this stock again has value and can reappear on my report.

Thanks for your assistance and the courtesy of your staff.

Sincerely,

Sid Morrison

If the travel was a gift, rather than payment of expenses for an activity such as a fact-finding event or speaking engagement, indicate by marking the appropriate box.

Exclusions: Travel-related expenses provided by federal, state, and local governments, or by a foreign government,* and reimbursements paid from campaign funds; travel provided to a spouse or dependent child totally independent of his or her relationship to you. Dear Sir:

Re: Financial Disclosure Statement
Filed May 15, 1991

Please consider this letter my amendment of the above statement, per your request of May 21, 1991.

My original statement should be amended by adding to Part II, Assets, the explanation that there is only one pension or profit sharing plan, which is The David R. Nagle Profit Sharing Plan held at Peoples Bank & Trust Company, Waterloo, Iowa. Income is Category IV. The plan's assets are invested in CDs of various banks, U.S. Treasury Notes, 334 shares of Federated Stock Trust, 679 shares of Midwest Energy Company, and the Shearson T-Fund.

In Part V, Liabilities, I failed to note that I have no reportable liabilities.

In addition, my statement should be amended in Part II, to change the valuation of the joint account at Peoples Bank & Trust Co. to Category C, rather than Category D as indicated.

Sincerely,

David Nagle

Clerk of the House of Representatives
H. 105 - U.S. Capitol
Washington, D.C. 20515

Dear Clerk Anderson:

Since I filed my Financial Disclosure Statement for Calendar Year 1990, I have discovered that I listed the wrong date for the receipt of an honoraria payment. On page A-1, Part I (Earned Income, Including Honoraria), line 5 - "National Council of Savings Institutions." The date is listed as 1-31-90, the correct date is 6-8-90 when I spoke to the graduates of the National School of Banking which is operated by the National Council of Savings Institutions. I regret the error.

If you need additional information on this matter, please contact my office at once.

Sincerely,

Richard E. Neal

The Honorable Louis Stokes
Chairman, Committee on Standards of Official Conduct
The Honorable James V. Hansen
Suite HT-2, U.S. Capitol
Washington, D.C. 20515

Dear Mr. Chairman and Mr. Hansen:

Pursuant to your examination of my financial disclosure statement filed May 15, 1991, you requested additional information on the following:

Unearned Income: Tax Training Institute, Inc.
Your letter indicated that the type of income indicated [interest] was incorrect and should be reflected as "dividend" income. The disclosure form properly reported the income as "interest" income. Tax Training Institute, Inc. is a sub-chapter "S" corporation and therefore income of the corporation flows through the corporation to the shareholder retaining its original character to the shareholder. The income reported was my distributable share of interest income received by the corporation.

Assets:
Silver Screen Partners III is an investment of $5,000 in a limited partnership with Disney to produce motion pictures. This is a publicly offered limited partnership interest which was purchased sometime in 1989 or 1990. If it is essential, I can check records to determine the exact date of purchase and amend my 1990 disclosure statement. Please advise on the necessity to do so.

Accounts Receivable – Law Practice: Upon election to the House, I closed my law practice and sent billings to clients for past services not yet paid. This listing is for the remaining balance. Please notify if an exact listing of names and specific amounts is required. If necessary to disclose specific names, I would request for privacy and client confidentiality reasons that their names not be part of the public record. No services were performed or fees charged subsequent to taking the oath of office.

Orton Properties: A letter to the Clerk, requesting amendment of my disclosure form to disclose the underlying assets of Orton Properties has been filed.

Thank you for your consideration and assistance.

Sincerely,

William H. Orton
Member of Congress

Dear Mr. Chairman:

RE: Financial Disclosure Form

In response to your letter of May 22, 1991, I submit the following additional information:

1. You requested that I indicate the amount of interest earned on the Palmetto Bank accounts held jointly with my spouse and the accounts of my dependent children. The interest on these accounts should have been reported as Category II, $201 to $1,000. I have made and initialled this change on the form you enclosed with your letter.

2. You requested that I indicate the type of income on my Shearson Lehman Brothers, Inc. (IRA). The income on this IRA should have been reported as Interest Income. In addition, the amount of interest income was mistakenly reported as Category II. It should have been reported as Category IV, $2,501 - $5,000. I have made and initialled this change on the form you enclosed with your letter.

3. You requested information on the dispensation of the 1/5th interest in Perrin, Perrin, Mann & Patterson and 1/5th interest in Library Street Title Insurance Agency which were reported on the 1989 form, but not the 1990 form. These items were omitted in error caused by the design change in the new form. As a General Partner in these firms, the income received by my spouse from them is earned income and was properly reported on the 1990 form. Since Assets are normally associated, and therefore reported, with unearned income, there was no clear indication of how or where to report these partnerships as assets. Following the form of Parts II and III of the 1990 form, my spouse's 1/5 interest in Perrin, Perrin, Mann & Patterson would be reported with a valuation of Category C, $15,001 - $50,000. My spouse's 1/5 interest in Library Street Title Insurance would be reported with a valuation of Category A, less than $1,001.

Dear Mr. Anderson:

Please note that on my Financial Disclosure Statement dated May 15, 1991, I inadvertently neglected to mark Block C noting the income my spouse made during 1990 on the following investment:

Parts II and III, page 6 of 9;

Asset	Type	Category
San Francisco Hotel Associates	Rent	V

For the record allow me to note that several other assets listed in Parts II and III of the statement did not generate any income during 1990, and therefore per the instructions Block C for income was left blank.

Sincerely,

Nancy Pelosi

RE: ACCT# 6540-0700

Dear Client,

On Wednesday, November 28th, we will be automatically transferring your money market balance from the Cash Equivalent Fund Money Market Portfolio to the Cash Equivalent Fund Government Securities Money Market Portfolio. The prospectus you previously received describes both portfolios and you may consult it for more information.

This transfer is being effected because the Government Securities Portfolio provides you with an extra margin of safety by investing in securities issued or guaranteed by the U.S. Government. The government guarantee of the securities owned by the Portfolio does not guarantee the net asset value of the Portfolio's shares, which the Portfolio seeks to maintain at $1.00 per share. Further, the seven day average yield on the Government Money Market Portfolio is comparable to the seven day average yield on your existing Money Market Portfolio. While this yield relationship may not always hold true, we believe the Government Portfolio provides you with the best combination of income and safety available in the Cash Equivalent Fund Portfolios.

In addition, we plan to enhance the features of our Government Securities Portfolio in January. We think the new services, including unlimited, no-minimum checking, will allow you to access your capital through one of the most competitive money market accounts offered today.

If you have any questions regarding this change, would like another copy of the prospectus, or for any reason you do not wish to take advantage of this transfer, please contact your Financial Consultant by Friday, November 23, 1990.

Sincerely,
Wheat First Securities/
Butcher & Singer

RE: ACCT# 6540-0350

Dear Client,

On Wednesday, November 28th, we will be automatically transferring your money market balance from the Cash Equivalent Fund Money Market Portfolio to the Cash Equivalent Fund Government Securities Money Market Portfolio. The prospectus you previously received describes both portfolios and you may consult it for more information.

This transfer is being effected because the Government Securities Portfolio provides you with an extra margin of safety by investing in securities issued or guaranteed by the U.S. Government. The government guarantee of the securities owned by the Portfolio does not guarantee the net asset value of the Portfolio's shares, which the Portfolio seeks to maintain at $1.00 per share. Further, the seven day average yield on the Government Money Market Portfolio is comparable to the seven day average yield on your existing Money Market Portfolio. While this yield relationship may not always hold true, we believe the Government Portfolio provides you with the best combination of income and safety available in the Cash Equivalent Fund Portfolios.

In addition, we plan to enhance the features of our Government Securities Portfolio in January. We think the new services, including unlimited, no-minimum checking, will allow you to access your capital through one of the most competitive money market accounts offered today.

If you have any questions regarding this change, would like another copy of the prospectus, or for any reason you do not wish to take advantage of this transfer, please contact your Financial Consultant by Friday, November 23, 1990.

Sincerely,
Wheat First Securities/
Butcher & Singer

Borrowing potential

You can borrow on margin against the value of your portfolio to buy additional securities or for any purpose. With Express Credit you may borrow an even greater amount for any personal or business use. Express Credit may not be used to purchase, carry or trade in securities.

The interest rate we charge on the borrowed money depends on several factors, including how much is borrowed. Last period's average borrowing rate was from 10.50 % to 12.00 %. Amounts borrowed on margin decrease the amount you can borrow for other purposes.

Borrowing potential

You can borrow on margin against the value of your portfolio to buy additional securities or for any purpose. With Express Credit you may borrow an even greater amount for any personal or business use. Express Credit may not be used to purchase, carry or trade in securities.

The interest rate we charge on the borrowed money depends on several factors, including how much is borrowed. Last period's average borrowing rate was from 10.00 % to 11.50 %. Amounts borrowed on margin decrease the amount you can borrow for other purposes.

You can borrow on margin against the value of your portfolio to buy additional securities or for any purpose. With Express Credit you may borrow an even greater amount for any personal or business use. Express Credit may not be used to purchase, carry or trade in securities.

The interest rate we charge on the borrowed money depends on several factors, including how much is borrowed. Last period's average borrowing rate was from 10.00 % to 11.50 %. Amounts borrowed on margin decrease the amount you can borrow for other purposes.

You can borrow on margin against the value of your portfolio to buy additional securities or for any purpose. With Express Credit you may borrow an even greater amount for any personal or business use. Express Credit may not be used to purchase, carry or trade in securities.

The interest rate we charge on the borrowed money depends on several factors, including how much is borrowed. Last period's average borrowing rate was from 10.00 % to 11.50 %. Amounts borrowed on margin decrease the amount you can borrow for other purposes.

Borrowing potential

You can borrow on margin against the value of your portfolio to buy additional securities or for any purpose. With Express Credit you may borrow an even greater amount for any personal or business use. Express Credit may not be used to purchase, carry or trade in securities.

The interest rate we charge on the borrowed money depends on several factors, including how much is borrowed. Last period's average borrowing rate was from 10.25 % to 11.75 %. Amounts borrowed on margin decrease the amount you can borrow for other purposes.

SEC Accounting Disclosure* This Distribution (Per Share)		Federal Income Tax Information This Distribution (Per Share)	Year to Date Distributions (Percentage of)

The source of distributions is estimated at the time of declaration. From time to time the actual results of operations will be different from these estimates. This is particularly true when capital losses incurred subsequent to a distribution offset previously declared gains from sales of securities and options transactions. The "Year To Date Distributions" column provides you with the percentage of your year to date distributions (including this distribution) by distribution source and may be different from the amounts which will be reported on your 1990 Form 1099-DIV.

In January 1991, you will receive a notice reporting the Federal tax status of this and all other distributions paid during 1990, including whether any portion of the distributions represents a non-taxable return of capital.

* The source of this distribution, determined in accordance with good accounting practice, is being disclosed as required by Section 19 of the Investment Company Act.

** Other distributions primarily are from premiums received from option contracts including those which remain open; are in excess of net investment income and profits from the sale of securities and other assets; and may be a non-taxable return of capital. A non-taxable return of capital, if any, cannot be determined until the end of the Trust's year. All or some portion of the Trust's distributions will be taxable income.

Dear Shareholder:

At MFS, we are committed to exploring and evaluating methods for improving the services we provide to our customers. We are therefore pleased to announce an addition to your Panorama consolidated account statement. If you have accounts in both the MFS Family of Funds and the MFS Lifetime Investment Program, you will now receive one statement combining all your MFS holdings. If you own only one fund, or if all the funds you own are in one of the two fund groups, your Panorama statement will not change.

Please remember that although holdings in both fund groups are shown on a single statement, they remain separate groups for exchange purposes. Exchanges may only be made among funds in the same group; you may not exchange shares of a Lifetime fund into the MFS Family of Funds and vice versa.

We hope your consolidated statement will make it easier and more convenient to monitor your MFS portfolio. If you have any questions about your Panorama statement, please call our Mutual Fund Service Department at 1-800-225-2606 any business day between 8 a.m. and 6 p.m. Eastern time. As always, we appreciate your continued confidence in MFS.

Sincerely,

Richard B. Bailey

Notice to Shareholders of MFS GOVERNMENT INCOME PLUS TRUST and MFS GOVERNMENT PREMIUM ACCOUNT *only*

MFS GOVERNMENT INCOME PLUS TRUST

MFS Government Income Plus Trust is paying a distribution of $0.075 per share today to shareholders of record November 5, 1990.

SEC Accounting Disclosure* This Distribution (Per Share)		Federal Income Tax Information This Distribution (Per Share)	Year to Date Distributions (Percentage of
$0.0410	Net investment income (non-capital gain income less expense)	$0.0410	49.9%
$0.0000	Profits from sale of securities or other assets, including options	$0.0000	0.0%
$0.0000	Other distributions**	$0.0340	50.1%
$0.0340	Paid-in-Capital	$0.0000	0.0%

MFS GOVERNMENT PREMIUM ACCOUNT

MFS Government Premium Account is paying a distribution of $0.075 per share today to shareholders of record November 5, 1990.

SEC Accounting Disclosure* This Distribution (Per Share)		Federal Income Tax Information This Distribution (Per Share)	Year to Date Distributions (Percentage of)
$0.0480	Net investment income (non-capital gain income less expense)	$0.0480	61.5%
$0.0000	Profits from sale of securities or other assets, including options	$0.0000	0.0%
$0.0000	Other distributions**	$0.0270	38.4%
$0.0270	Paid-in-Capital	$0.0000	0.0%

The source of distributions is estimated at the time of declaration. From time to time the actual results of operations will be different from these estimates. This is particularly true when capital losses incurred subsequent to a distribution offset previously declared gains from sales of securities and options transactions. The "Year To Date Distributions" column provides you with the percentage of your year to date distributions (including this distribution) by distribution source and may be different from the amounts which will be reported on your 1990 Form 1099-DIV.

In January 1991, you will receive a notice reporting the Federal tax status of this and all other distributions paid during 1990, including whether any portion of the distributions represents a non-taxable return of capital.

* The source of this distribution, determined in accordance with good accounting practice, is being disclosed as required by Section 19 of the Investment Company Act.

** Other distributions primarily are from premiums received from option contracts including those which remain open; are in excess of net investment income and profits from the sale of securities and other assets; and may be a non-taxable return of capital. A non-taxable return of capital, if any, cannot be determined until the end of the Trust's year. All or some portion of the Trust's distributions will be taxable income.

The Honorable Donnald K. Anderson
Clerk of the U.S. House of
Representatives
H 105 U.S. Capitol
Washington, D.C. 20515

Dear Donn:

I would like to amend my 1990 Financial Disclosure Statement with the following information clarifying the information contained in my earlier filed statement.

Under Part II., Assets, the Nick Joe Rahall, II Trust was properly listed and valued in Category C. This trust is with Shearson Lehman Brothers. A second Nick Joe Rahall, II Trust was also properly listed and valued in Category E. This trust is with Wheat, First Securities. As indicated, full details on these are included in printout 3. The First National Bank located on line two under assets is located in Beckley, West Virginia.

Under Part IV, Transactions, the Hernando County, Florida property was acquired in 1985. I owned a 10% share with my brother and several individuals. This property was placed in a trust for me by my Father, grantor of the trust, without my knowledge. I was unaware of my holdings in this property until its sale in 1990, and received no income from it until this time, which I reported on my most recent statement. I had assumed that the holdings in my trust were fully reported in the attachments I submit each year, but this property was not listed. I would like to request that my former Financial Disclosure Statements from 1985 until 1989 be amended to reflect this holding.

The small plot of land in Fayette Co. listed on my 1989 Statement was listed on my 1990 Statement as "WV Broadcasting / WTNJ -- leased land I own to WV Broadcasting / WTNJ for radio antennae." It was valued in Category B and was listed as "lease of land to WTNJ for antenna" under type of income and the amount of income was indicated.

The disposition of Southern BancShares and Beckley National Bank Stock is that the Beckley National Bank stock was merged into Southern BancShares and these were deposited into my Wheat, First Securities Account and were sold at least in part which is reflected in the printout I provided the Committee.

THIS STATIONERY PRINTED ON PAPER MADE OF RECYCLED FIBERS

Under Part VI., Tangible Gifts, the Holiday Inn lodging was inadvertently listed under Part VI. and should have been listed under Part VII. Please note that this was for multiple non-consecutive night's lodging, with one two consecutive night's lodging which would be aggregated for reporting purposes to $90.25. In an effort to fully disclose my gifts of lodging, I reported these night's lodgings even though they were below the threshold for reporting.

The WTNJ gift certificate, was comprised of the donations from several individual sources none of whom donated an amount exceeding the $200 gift limit. Again in an effort to fully disclose my tangible gifts, I reported the total amount of the gift certificate even though it was not required.

Thank you for including this information with my Statement.

With warm regard, I am

Sincerely,

NICK J. RAHALL, II
Member of Congress
